

Illinois Little League District 8 2012 Junior League FINAL rules

District Staff

Roger Petrick District Administrator: rjpetrick@comcast.net
Ken Fryer Assistant District Administrator: kmf74@hotmail.com
Scott Strache ADA & Umpire-in-Chief: strache106@comcast.net
Chris Neft ADA & Safety Officer: chrism@lexsteel.com

League Presidents

Alsip Little League President D.J Helwig
Chicago Ridge Little League President Rob Lind
Evergreen Park Little League President Jeff Heisterman
Palos Hills Little League President Peter Donahue

Rules:

Junior League will use the 2012 Little League rulebook for all rules this season.

While some of the rules listed below are duplicated from the Little League rulebook, listed below are the only exceptions and clarifications to the rulebook. Note: Please pay special attention to items in bold.

1. CONTINUOUS BATTING ORDER: There will be a Continuous batting order.

Note: If a player is not at the game site at the start of a game, but comes during the game, they must be placed last in the batting order.

A: Because of the continuous batting order managers do not need to exchange positions during the game, because all players are already in the lineup. Managers only need to exchange batting orders before the game. Each manager also has to declare a starting pitcher before the game.

B: When the continuous batting order is in effect managers must bat everybody in their lineup, even if the other team has more players show up.

C: If a player is unable to complete his at-bat once a pitch is thrown, the **PLAYER IS OUT**.

D: If a player fails to bat in his spot during the game **HE IS NOT OUT**, but before he can be put back into the field, he must have another at-bat.

E: If a player fails to bat in his spot a second time in the game **HE HIS OUT OF THE GAME WITH NO OUT BEING RECORDED FOR HIS AT-BAT**.

F: If two players in the lineup in the same inning fail to bat in their spots, **TWO OUTS WILL BE CALLED**.

G: Teams must bat at least 9. If a team does not have 9 there will be an out assessed every time the 9th position comes up. If a team becomes short during the course of a game, then the out will count when that player's spot comes up in the batting order.

2. PLAYING REQUIREMENTS: Players do not have to play in consecutive innings to fulfill their 2 inning playing requirement. A manager may choose to play a player in whatever 2 innings he desires, but he still must meet the 2 inning playing requirement for his player.

Note: Although there is free substitution during the game a manager will not make changes in the field during the middle of an inning unless there's a pitching change, injury or illness. In those cases a change can be made in the field.

3. SLAUGHTER RULE AND PLAYING REQUIREMENTS: Regular slaughter rule applies. If you do not get a player his 2 innings requirement in the field and an at-bat because of the slaughter rule or for whatever reason, that player **MUST** start in the field and play 2

consecutive innings the next game. Note: If a manager more than one time or consistently does not meet his player(s) playing requirement they will be subject to discipline from their league commissioner or president.

4. SWINGING BUNT: If a player squares around to bunt and swings he is automatically out.

Note: A player can still fake bunt. A player just can't swing after a fake bunt. It is the umpire's judgment to whether a player did this or not.

Note 2: This does not APPLY when playing at Alsip

5. USING OTHER PLAYERS: When a team is short a player, for Junior League a manager may use any 12-year-old in the Little League. If the Little League division is playing that night, or a Little League player is unavailable then a manager may use another 13-year-old Junior Leaguer. (Each league may modify or mandate a different option for when a team is short a player). This may also change for each league's playoffs.

Note: A replacement player must play outfield and bat last.

Note 2: Once a regular player has arrived to the game, the manager should insert his regular player for the replacement player after the third out is made in the half-inning that the regular player has arrived. Example: Regular player arrives during the top of the 2nd inning. After the third out is made in the top of the 2nd inning, the replacement player is done and the regular player is inserted. This applies to all scenarios when a regular player arrives late to a game. Managers should inform the other team.

Note 3: A manager is not considered short because of the Continuous batting order.

Note 4: A manager is not considered short if the player is kicked out of the game or the manager or some league official sends the player home for disciplinary reasons. The team then will have to play short and take an out if that's the case. (All suspensions from a manager have to be cleared with the league commissioner and the executive board must be notified.)

6. COACHES/KIDS IN DUGOUT: Only 4 coaches will be allowed in the dugout.

That means only 4 individuals other than the players. Also, no children in the dugout.

7. PITCHING:

Pitch count: No more than 95 pitches in a game.

Exception: If a pitcher reaches the 95-pitch limit, the pitcher may continue to pitch until any one of the following conditions occurs: 1. That batter reaches base; 2. That batter is put out; 3. The third out is made to complete the half-inning. **Note 1: A pitcher who delivers 41 or more pitches in a game cannot play the position of catcher for the remainder of that day. Note 2:**

A catcher who catches 4 or more innings cannot pitch for the remainder of that day.

Note 3: During Interleague games managers need not concern themselves with the other teams pitching records or pitching eligibility. They have NO right to ask or to see pitching records from other teams. During interleague games managers only need to concern themselves as far as their opponent is concerned that players are allowed to pitch only 95 pitches in a game. It is up to each individual league to determine what they want to use for its pitching rules for the week. It is also up to each individual league as to how they are going to track their teams pitching records, and the penalties that go along with breaking rules.

Alsip:

Chicago Ridge:

Evergreen Park: A. Players are allowed to pitch 9 innings in a week. The week is Sunday-Saturday. **B.** 4 or more innings pitched requires 3 days rest. 3 innings or less no rest is required.

PLAYOFFS: Pitching for the semifinals and championship: The semifinals and championship are considered a new week, so ALL players are eligible to pitch. Players can pitch a maximum of 7 innings in the semifinals and championship. There is no rest rule. Example: A player can pitch 6 innings in the semifinal game, and then is eligible to pitch 1 inning in the championship. Pitch count: Players can only pitch 95 pitches in any one playoff game.

Palos Hills:

Note 4: Once removed a pitcher may not return to the mound.

Note 5: Both managers MUST declare their starting pitchers before the game.

Note 6: Pitchers MAY NOT pitch in more than one game in a day, including if there is a doubleheader scheduled.

Note 7. Pitches delivered in games declared “Regulation Tie Games” or “Suspended Games” shall be charged against pitcher’s eligibility for that week.

Note 8: In suspended games resumed on another day, the pitchers of record at the time the game was halted may continue to pitch to the extent of their eligibility for that day, provided said pitcher has observed the required days of rest. **Note:** A player may not pitch more than 6 innings in any one game, this includes if the game is resumed on another day.

Note 9: Violation of pitching rules shall result in a forfeit. This applies even if the violation was found days later. The withdrawal of an ineligible pitcher after that pitcher is announced, or after a warm-up pitch is delivered, but before that player has pitched a ball to a batter, shall not be considered a violation. Little League officials are urged to take precautions to prevent protests. When a protest situation is imminent, the potential offender should be notified immediately.

9. FIELD RULES: The team designated as the “Home” will sit along the third base side, and the “Visitors” along the first base side. **Note 5: There is an “On Deck” Hitter allowed in Junior League.**

Games will be six (7) innings in duration. No new inning shall start after 8:00 P.M., daylight permitting. However an existing inning maybe completed under the discretion of the team managers. If it is still light out teams should try to finish to complete their game. However, if in the event of rain or darkness, and 4½ or 5 innings have been played, the Official “Rule” from Little League Rules shall apply.

EACH INDIVIDUAL LEAGUE WILL HAVE IT’S OWN RULES FOR TIME PROCEDURE AND/OR FIELD RULES. Managers are encouraged to discuss these rules before the game to avoid conflicts. Managers are also encouraged to be gracious hosts and guests during interleague games. Each league’s field and field rules have their own uniqueness. Again, everyone is encouraged to respect each league’s home rules.

10. RUNNING FOR THE CATCHER: A manager may pitch run for the catcher provided there are two outs and that player was catcher the inning before. The player who made the last out at-bat is the designated runner for the catcher.

11. UNIFORMS/EQUIPMENT:

BATS: The bat must be a baseball bat, which meets Little League specifications and standards as noted in this rule. It shall be a smooth, rounded stick and made of wood or of material and color tested and proved acceptable to Little League standards. **Junior League:** it shall not be more than 2 5/8 inches in diameter.

Note: When challenging the legality of a bat, the opposing manager must have a list or be connected to the Little League website and show proof that the bat is illegal. A batted ball with an illegal bat will be considered an out. Use of an illegal bat, in particular if found more than once, may force the manager and/or player to face further sanctions from their league or district (if during district tournament play), up to and including a suspension or expulsion.

THE BAT ISSUE IS VERY FLUID BECAUSE ALMOST EVERY WEEK THE APPROVED LIST CHANGES. IT IS UP TO EACH MANAGER AND LEAGUE TO STAY ON TOP OF THIS ISSUE.

UNIFORMS: Players must wear the uniforms the league supplies them. **Note:** Players must wear their equipment and uniforms in a fashion that is accordance with the rules. **Note 2:** Players may use their own equipment as long as it meets the standard set in the rulebook. **Note 3:** Players may not alter their uniforms in any way. **Note 4:** Players may not advertise or promote products or

other baseball associations on their self. That includes and is not limited to logos on helmets, shirts, pants and hats. **Note 6.: During interleague away games metal spikes will be allowed at the discretion of the manager and/or league. Each league may dictate its own rules as to whether metal spikes are allowed during regular season games.**

Rule 1.11: Casts may not be worn during the game. NOTE: Persons wearing casts, including managers and coaches, must remain in the dugout during the game.

12. COACHING CONDUCT: Any manager, coach or player thrown out of a game will be automatically suspended the next game. Note: Each particular league's board of directors will review all infractions. Depending on the seriousness or frequency, each league's board may assess additional disciplinary action up to and including expulsion from the league on their volunteers.

13. PROTEST: Interleague protests should be handled by the two league's presidents. All actions should be taken to avoid protests. If the two presidents disagree they may discuss the situation with district staff. **Each individual league should have their own protest committee for their in-house and playoff seasons.**

Interleague Tournament

All teams (except T-ball level) in Little League District 8 (Alsip, Chicago Ridge, Evergreen Park and Palos Hills) participate in a Interleague tournament.

This season the tournament will run from June 2nd-June 9th.

Former District 8 Administrator Terry Kenny developed the Interleague tournament concept.

Terry's dream was to give EVERY KID get a chance to participate in tournament play, not just all-stars.

All players receive a tournament pin, and the team winner receives a traveling trophy and banner.

The 13 & 14 Junior Division Interleague trophy is named for Chicago Ridge Mayor Eugene Siegel. Mr. Siegel is a longtime supporter of Little League Baseball.

Rules:

The Junior League District 8 Interleague Tournament will be run with the same rules as the regular season with the following 5 exceptions:

1. PITCHING

A. Any player on a tournament team may pitch.

Note: There is no limit to the number of pitchers a tournament team may use in a game.

B. Pitchers once removed from the mound may not return as pitchers.

C. The manager must remove the pitcher when said pitcher reaches the limit for his/her age group as noted below, but the pitcher may remain in the game at another position:

League Age: 13 -14

95 pitches per day

League Age: 11 -12

85 pitches per day

League Age: 9-10

75 pitches per day

Exception: If a pitcher reaches the limit imposed above for his/her league age while facing a batter, the pitcher may continue to pitch until any one of the following conditions occurs: 1. That

batter reaches base; 2. That batter is put out; 3. The third out is made to complete the half-inning.
Note: A pitcher who delivers 41 or more pitches in a game cannot play the position of catcher for the remainder of that day.

Note 1: A catcher who catches 4 or more innings cannot pitch for the remainder of that day.

e. Pitchers must adhere to the following rest requirements:

If a player pitches 46 or more pitches in a day, (2) calendars rest and a (1) games rest must be observed.

F. If a player pitches 21-45 pitches in a game, (1) calendars rest and a (1) games rest must be observed.

G. If a player pitches 1-20 pitches in a day, no (0) calendars day rest and (0) no games rest is required.

f. A player may not pitch in more than one game in a day.

H. In a game suspended by darkness, weather, or other causes and resumed the following calendar day, the pitcher of record at the time the game was halted may continue to the extent of his/her eligibility, provided he/she delivered 40 or less pitches, and subject to each of these conditions:

I. If the pitcher delivered 20 or less pitches before the game was suspended, that pitcher's pitch count will begin at zero for the continuation portion of the game;

2. If the pitcher delivered between 21 and 40 pitches before the game was suspended, that pitcher's pitch count will begin with the number of pitches delivered in that game;

J. In a game ("Game A") suspended by darkness, weather, or other causes and resumed more than one calendar day later, the provisions of (g.) above shall apply, unless the pitcher of record pitched in another game or games after Game A was halted. In that event, eligibility to pitch in the continuation portion of Game A shall be determined by the number of pitches delivered in the game or games after Game A was halted.

I. Failure to remove a pitcher who has reached his/her maximum number of pitches required or use of an ineligible pitcher is basis for protest. Violation of the rule shall result in a forfeit.

2. A team may opt out of the continuous batting order if there is a two-man difference in the amount of players. Leagues may also opt to have this rule for their playoffs.

Example: Team A has 12 players and Team B has 10 players. The manager of Team A will have the option of going to a standard lineup of 9 players. If Team A chooses to go with the standard lineup then Team B could also go down to 9 players if they wanted to.

Note: This rule is not open to interpretation. Either you bat everyone or bat 9.

Note 2: Teams are not allowed to opt out of the continuous batting order if during the course of a game there becomes a two-man difference because of injury, illness or ejection.

Note 3: Managers will need to exchange lineup changes if they're not using a Continuous batting order.

When a substitute enters the game he must bat once and play two consecutive innings in the field. All subs must be entered by the top of the 4th inning begins. So, if a sub isn't entered after the home team is finished batting in the third inning, each manager MUST insert their subs after the third out is made in the bottom of the 3rd inning.

Failure of a player to bat once and play two innings in the field is a suspension for the manager of the next interleague tournament game. If the game is shortened because of slaughter rule or weather the playing requirement is waived and there is no penalty for the manager. **(Each league may add additional penalties for their managers). The game is not considered short because the home team doesn't bat in the 6th inning, so managers who are the home team need to be careful to put their player in position to bat.**

3. REPLACEMENT PLAYERS: During Interleague tournament play if a team is short they

must find a 12-year-old from Little League. If a 12-year-old from Little League is unavailable the team will either have to play short or on rare occasion permission may be given through their league president and district to use another 13-year-old from Junior League.

4. Protest: During interleague play if there is a protest the game **MUST** not be restarted until the dispute is settled. If the umpire does not settle the dispute, the team protesting can ask the tournament director to call someone from the district staff. **All district staff decisions are FINAL. If someone from the district staff is unavailable than the tournament director's decision is FINAL.**

5. COIN FLIP: ALL Interleague District Tournament games will have a coin flip to determine home and away before EVERY GAME.

LITTLE LEAGUE BASEBALL INCORPORATED AND ILLINOIS LITTLE LEAGUE DISTRICT 8 DOES NOT DISCRIMINATE AGAINST ANY PERSON ON THE BASIS OF RACE, CREED, COLOR, NATIONAL ORIGIN, MARITAL STATUS, GENDER, SEXUAL ORIENTATION OR DISABILITY.

The District 8 staff recommends that each league's managers and coaches check with their league for any special in-house rules, protest structure, playoff structure, pitching rules and any other rules, procedures or guidelines not covered in these rules.

We also highly encourage ALL managers and coaches to keep the kids best interest when playing in-house or especially when playing interleague games.

The league presidents and District 8 staff put a lot into working with each other. We all need each other. So if you have a problem, talk to your league. **SPORTSMANSHIP** should trump all issues that may come up.

Best wishes for a successful season!

Sincerely,

Illinois Little League District 8 staff
